

Densholme Farm

Regular visits

You may wish to visit the farm over a period of weeks/ months in order to build confidence with a group or encourage independence or maybe to provide regular stimulation in a safe outdoor environment.

We are happy to offer regular group visits and after an initial meeting to discuss your requirements a signed Service Level Agreement will be drawn up highlighting your groups specific requirements. This will need to be in place before any regular visits take place.

The costs for each Service Level Agreement will vary based on the needs of the users.
